

Digital Projection TITAN WUXGA 330 P

With the TITAN WUXGA 330 P, manufacturer Digital Projection offers a DLP projector with WUXGA 1920 x 1200 resolution and a contrast of 2000:1. The built-in lens shift function provides freedom when setting up. An image width of up to 850 cm is possible as the projector has 7000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 567 cm. Video signals 1080P and 3D are also no problem for the projector. On the market since 2011, the model is no longer offered by the manufacturer Digital Projection, but is still one of the very popular projectors.

Brief Introduction

Display Type

3 x 0,95" 12 Grad DLP Chip

WUXGA 16/9 Ti Digital Light Processing Chip

Ansi-Lumen

7000

3111 Lux (bei 200 cm Screen)

Contrast
