

Dukane ImagePro 6528

DUKANE IMAGEPRO 6528

With the ImagePro 6528, manufacturer Dukane offers a standard portable DLP projector with XGA 1024 x 768 resolution and a contrast of 10000:1. Thanks to the ambient light sensor, the projector can automatically optimize the projected image. The integrated media player can play files directly. The model offers a microphone jack plug and 20W speakers, so no additional audio devices are required for presentations or training courses. A screen width of up to 461 cm is possible. However, the image should be smaller in room lighting. We recommend max. 307 cm. Video signals 1080P and 3D are also no problem for the projector. This model is no longer offered by Dukane.

Brief Introduction

Beta 2.5

Display Type

1 x 0,55" DLP Chip
XGA 4/3 Ti Digital Light Processing Chip

Ansi-Lumen
