

Dukane ImagePro 6533WB

DUKANE IMAGEPRO 6533WB

Brief Introduction

Beta 2.5

The Dukane ImagePro 6533WB 3D BrilliantColor LCD projector has 3300 Ansi lumens, a contrast of 6000:1 and a WXGA 1280 x 800 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which is over 5.5 years if enjoyed for two hours every day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 584 cm is possible. However, the image should be smaller in room light. We recommend max. 389 cm. The model is also Full HD 1080P and 3D compatible. It was launched in 2017 and is no longer offered by the manufacturer Dukane.

Display Type

1 x 0,59" LCD TFT Panel
WXGA 16/10 Liquid Crystal Display

Ansi-Lumen

3300 1320 Lux (bei 200 cm Screen)
