

Dukane ImagePro 8142WISS

EAN/UPC:605194006861

The ImagePro 8142WISS laser LCD has 4200 Ansi lumens, a contrast of 500000:1 and a WXGA 1280 x 800 resolution. The lifespan is 20000 hours due to the laser, which is equivalent to over 13.7 years at 4 hours per day. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. This projector has a projection ratio of just 0.3:1. For a 2 m wide image, the projector only needs to be 60 cm away from the screen. A smartphone with an MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. Even 1080P video signals are no problem for the projector. It was launched on the market in 2018 and is no longer offered by the manufacturer Dukane.
