

Dukane ImagePro 8938W

DUKANE IMAGEPRO 8938W

The Dukane ImagePro 8938W model is an LCD projector with WXGA 1280 x 800 resolution and a contrast of 4000:1. The lamp life is up to 5000 hours, which is over 6.8 years if enjoyed for two hours a day. The integrated media player allows files to be played directly. The model offers a microphone jack plug and 16W speakers, so no additional audio devices are required for presentations or training courses. Thanks to the brightness of 3700 Ansi lumens, a picture width of 618 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 412 cm). Furthermore, the projector can play 1080P without any problems. On the market since 2014, the model is no longer offered by the manufacturer Dukane.
