

Dukane ImagePro 8940UL

DUKANE IMAGEPRO 8940UL

The ImagePro 8940UL Laser LCD has 4000 Ansi-Lumen, a contrast of 2000000:1 and a WUXGA 1920 x 1200 resolution. Due to the laser, the projector is specified with 20000 hours of light life, which is over 13.7 years with a daily viewing time of 4 hours. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. Thanks to the brightness of 4000 Ansi lumens, a picture width of 643 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend a maximum of 429 cm). Playing 1080P is also no problem for the projector, which can even project Blu-rays onto the ceiling thanks to 360° projection. The model built in 2020 is no longer offered by Dukane.

3 x LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display
