

Dukane ImagePro 8971

DUKANE IMAGEPRO 8971

The Dukane model ImagePro 8971 is an LCD projector with XGA 1024 x 768 resolution and a contrast of 3000:1. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The projector can illuminate images up to 675 cm wide thanks to its 6000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 450 cm. Even 1080P video signals are no problem for the projector, which can even project Blu-rays onto the ceiling thanks to 360° projection. This model is no longer offered by Dukane.
