

Eiki EK-612X/A

EIKI EK-612X/A

The stationary Eiki EK-612X/A 3D DLP projector has 7000 Ansi lumens, a contrast of 4400:1 and an XGA 1024 x 768 resolution. The projector also offers a lens shift function that makes image adjustment child's play. 7000 Ansi lumens ensure that a picture width of 729 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 486 cm. Even 1080P video signals are no problem for the projector. Even projection onto the ceiling is possible thanks to the 360° projection. The projector was launched in 2016 and is no longer sold by the manufacturer.

1 x 0,7" DLP Chip
XGA 4/3 Ti Digital Light Processing Chip
