

ELEPHAS AC401

EAN/UPC:B0GGQRGQLX

ELEPHAS AC401

The Standard Portable AC401 LED LCD Projector from ELEPHAS has 800 ANSI lumens, a contrast ratio of 15,000:1, and an HDTV resolution of 1920 x 1080. It is an LED projector with a lamp life of 30,000 hours, which amounts to over 20.5 years if used for four hours a day. Since the projector features horizontal and vertical keystone correction, it can be set up with plenty of space in the room. The projector can effectively illuminate an image width of 287 cm. However, if there is ambient light in the room, the image width should ideally not exceed 191 cm. Since the projector supports AirPlay, Miracast screen mirroring signals, it's possible to stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Another notable feature is that the projector's Bluetooth function allows it to connect to external wireless speakers. Even 1080p video signals are no problem for the projector.
