

# Elite Digital Technology 939H HD

## Brief Introduction

Beta 2.5

The standard portable 939H HD LCD projector from Elite Digital Technology has 120 Ansi lumens, a contrast of 1000:1 and a WXGA 1280 x 768 resolution. The lamp life is specified by the manufacturer as 6000 hours, which is over 8.2 years if enjoyed for two hours every day. As Elite Digital Technology specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. Due to the brightness of 120 Ansi lumens, a picture width of 111 cm is possible. In room light, the picture should be max. 74 cm wide. It is no longer offered by the manufacturer Elite Digital Technology.
