

Epson EB-118

EPSON EB-118

The EB-118 LCD projector from Epson has 3800 Ansi-Lumen, a contrast of 16000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 17000 hours, which is over 23.3 years with a daily viewing time of 2 hours. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 537 cm is possible as the projector has 3800 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 358 cm. Playing 1080P is also no problem for the projector.
