

Epson EB 1400Wi

EPSON EB 1400Wi

Brief Introduction

Beta 2.5

The Whiteboard EB 1400Wi LCD has 3100 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. Manufacturer Epson specifies a service life of 3500 hours, which is over 4.8 years if enjoyed for two hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 3100 Ansi lumens ensure that a picture width of 566 cm is also possible. However, if room light is available, the picture should be a maximum of 377 cm wide. The projector is equipped with an integrated whiteboard function for interactive training and presentations. Even 1080P video signals are no problem for the projector. The model built in 2012 is no longer offered by Epson, but is still very popular in our projector database.
