

# Epson EB 475W/i/T

EPSON EB 475W/i/T

Top

The Epson EB 475W/i/T whiteboard LCD projector has 2600 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. As the EB 475W/i/T is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. 2600 Ansi lumens ensure that a screen width of 518 cm is also possible. However, if room light is available, the image should be a maximum of 345 cm wide. The projector also offers a whiteboard function that makes training and presentation rooms interactive. The model built in 2012 is no longer offered by Epson, but is still a very popular projector.
