

Epson EB-680S

EPSON EB-680S

The Epson EB-680S short-throw LCD projector has 3500 Ansi lumens, a contrast of 14000:1 and an XGA 1024 x 768 resolution. The lamp in the projector is specified with a lamp life of 10000 hours, which is over 13.7 years if enjoyed for two hours every day. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. Thanks to the short throw projection ratio of just 0.32:1, the projector is not disturbed in the room. For a 2m wide image, the projector needs to be just 64 cm away from the screen. As the EB-680S is equipped with a microphone jack and 16W speakers, no additional audio system is required for presentations or training courses. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. The model built in 2017 is no longer offered by Epson.

Brief Introduction

Beta 2.5

Display Type

3 x 0,55" D9 LCD TFT Panel mit MLA
XGA 4/3 Liquid Crystal Display with Micro Lense Array

Ansi-Lumen
