

Epson EB-G7800

EPSON EB-G7800

A brief introduction to the EB-G7800: The Epson stationary LCD projector offers 8000 Ansi lumens, a contrast of 50000:1 and an XGA 1024 x 768 resolution. The built-in lens shift and keystone correction function provides freedom when setting up. An image width of up to 779 cm is possible as the projector has 8000 Ansi lumens. The projector creates rooms with residual light with a smaller image width, max. 519 cm is recommended. In the event that the image is still too small, the projector offers integrated edge blending software, with which several projectors can project a large image together. Furthermore, the projector can play 1080P and 4K (compressed) without any problems, and even has the option of projecting HD 1080P and 4K (compressed) Blu-rays onto the ceiling using 360° projection. On the market since 2016, the model is no longer offered by the manufacturer Epson.

Brief Introduction

Display Type

3 x 0,79" LCD TFT Panel
XGA 4/3 Liquid Crystal Display

Ansi-Lumen

8000 / 6400 im Eco Mode 2667 Lux (bei 200 cm Screen)
