

Epson EB-L400U

EPSON EB-L400U

A brief introduction to the Epson EB-L400U. The LCD laser projector has a WUXGA 1920 x 1200 resolution and a contrast of 2500000:1. Due to the laser, the service life is 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The integrated media player can play files directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 4500 Ansi lumens ensure that a picture width of 682 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 455 cm. Playing 1080P is also no problem for the projector, which can even project Blu-rays onto the ceiling thanks to 360° projection. The model built in 2018 is no longer offered by Epson.

 3 x 0,67" D10 LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display

Projector 4500 / 3150 im Eco Mode
