

# Epson EB-L530U

EPSON EB-L530U

The EB-L530U laser LCD projector from Epson has 5200 Ansi lumens, a contrast of 2500000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer specifies a laser service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. With the lens shift function, the projector can be positioned very freely. An image width of up to 733 cm is possible, if the image width is smaller (we recommend max. 489 cm), rooms with residual light are also no problem. As the projector optionally recognizes screen mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Playing 1080P is also no problem for the projector. Even projection onto the ceiling is possible thanks to the 360° projection.

3 x 0,67" LCD TFT Panel  
WUXGA 16/9 Liquid Crystal Display
