

Epson EB-S18

Brief Introduction

Beta 2.5

A brief introduction to the EB-S18: The Epson LCD projector offers 3000 Ansi lumens, a contrast of 10000:1 and an SVGA 800 x 600 resolution. The lamp life is specified by the manufacturer as 5000 hours, which converts to over 6.8 years at 2 hours per day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. An image width of up to 477 cm is possible as the projector has 3000 Ansi lumens. However, if room light is available, the image should be a maximum of 318 cm wide. On the market since 2013, the model is no longer offered by the manufacturer Epson.
