

Epson EB U04

Brief Introduction

Beta 2.5

Brief introduction of the Epson EB U04. The LCD projector has a WUXGA 1920 x 1200 resolution and a contrast of 15000:1. The lamp life is up to 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. Including an integrated media player with which files can be played directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 3000 Ansi lumens ensure that a picture width of 556 cm is also possible. However, if room light is available, the picture should be a maximum of 371 cm wide. A smartphone with an MHL connection can be connected directly to the MHL/HDMI port to perform 1080p / 60 Hz screen mirroring. It was launched in 2015 and is no longer offered by the manufacturer Epson.
