

# Epson EB-U50

EPSON EB-U50

The EB-U50 3D LCD projector from Epson has 3700 Ansi-Lumen, a contrast of 16000:1 and a WUXGA 1920 x 1200 resolution. The service life of the lamp is up to 10000 hours, which is equivalent to over 13.7 years at 2 hours per day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The horizontal and vertical keystone correction provides leeway when setting up. 3700 Ansi lumens ensure that a picture width of 618 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 412 cm. Playing 1080P and 3D is also no problem for the projector.
