

Epson EB-X130

EPSON EB-X130

The Epson EB-X130 standard portable LCD projector has 2800 Ansi lumens, a contrast of 15000:1 and an XGA 1024 x 768 resolution. The lamp in the projector is specified with a lamp life of 10000 hours, which is over 13.7 years if enjoyed for two hours every day. Includes an integrated media player that can be used to play files directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 461 cm is possible. However, the image should be smaller in room light. We recommend max. 307 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). On the market since 2018, the model is no longer offered by the manufacturer Epson.
