

Epson EB X27

Brief Introduction

Beta 2.5

The Epson EB X27 LCD projector has 2700 Ansi lumens, a contrast of 10000:1 and an XGA 1024 x 768 resolution. The manufacturer specifies a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Horizontal and vertical keystone correction makes image adjustment childs play. The projector will be able to illuminate a picture width of 453 cm well. However, if room light is available, the image width should ideally not exceed 302 cm. On the market since 2015, the model is no longer offered by the manufacturer Epson.
