The short-throw Epson EH LS500B Android TV 3D laser LCD projector has 4000 Ansi lumens, a contrast of 2500000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer Epson specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The horizontal and vertical keystone correction allows the projector to be positioned very freely. With a projection ratio of just 0.27:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 54 cm away from the screen. Playback of 1080P and 4K (compressed) as well as 3D is also no problem for the projector, meaning that all Blu-ray formats currently on offer can be recognized by the projector. This model is no longer offered by Epson.
