

Epson USA EX5230 Pro

The Epson USA EX5230 Pro LCD projector has 3500 Ansi lumens, a contrast of 10000:1 and an XGA 1024 x 768 resolution. The lamp life is up to 5000 hours, which equates to over 6.8 years at 2 hours of use. The projector also offers an integrated media player that can be used to play files directly. The horizontal and vertical keystone correction provides leeway when setting up. Thanks to the brightness of 3500 Ansi lumens, a picture width of 515 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 343 cm). Playing 1080P is also no problem for the projector. On the market since 2014, the model is no longer offered by the manufacturer Epson USA.

 3 x 0,63" LCD TFT Panel mit MLA
XGA 4/3 Liquid Crystal Display with Micro Lense Array

Projector	3500	Screen	1167 Lux (bei 200 cm Screen)
