

Epson USA Home Cinema 2100

EAN/UPC:V11H851020

The Epson USA Home Cinema 2100 3D LCD projector has 2500 Ansi lumens, a contrast of 35000:1 and an HDTV 1920 x 1080 resolution. The lamp of the projector is specified with a lamp life of 4000 hours, which converts to over 5.5 years at 2 hours per day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 508 cm picture width, the projector will be able to illuminate well. However, if there is room light, the picture width should ideally not exceed 339 cm. The model recognizes Miracast screen mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Playing 1080P and 3D is also no problem for the projector. It was launched in 2017 and is no longer offered by the manufacturer Epson USA.

3 x 0,61" LCD TFT Panel
HDTV 16/9 Liquid Crystal Display
