

Epson Lifestudio Grand EH-LS670W

EPSON LIFESTUDIO GRAND EH-LS

The short-throw Lifestudio Grand EH-LS670W Laser LCD has 3600 ANSI lumens, a contrast ratio of 5000000:1, and a UHD (4K2K+) 3840 x 2400 resolution. Thanks to laser technology, the projector has a light life of up to 20,000 hours, which is over 13.7 years if used for four hours a day. This projector has a projection ratio of only 0.25:1. For a 2 m wide image, the projector only needs to be 50 cm away from the screen. The integrated Google Assistant in the projector opens up many practical possibilities such as voice control, navigation, smart home control, and listening to music. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. Since the projector recognizes Chromecast and screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Another extra feature worth mentioning is that the projector can be connected to external wireless speakers via Bluetooth. The projector can also play 1080P and 4K content with ease. Compared to other projectors, it is very quiet with an operating noise of 29 decibels.

 3 x 0,62" LCD C2 Fine Panel
UHD 4/3 Liquid Crystal Display

Projector	3600	Screen	1200 Lux (200 cm Screen width)
