

Epson USA PowerLite 955W

The standard portable Epson USA PowerLite 955W LCD projector has 3000 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. The service life of the lamp is up to 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. The projector can be positioned very freely thanks to the horizontal and vertical keystone correction. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training sessions. 556 cm image width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 371 cm. It is also Full HD 1080P compatible. The model built in 2013 is no longer offered by Epson USA.
