

Epson USA PowerLite Home Cinema 5020UB

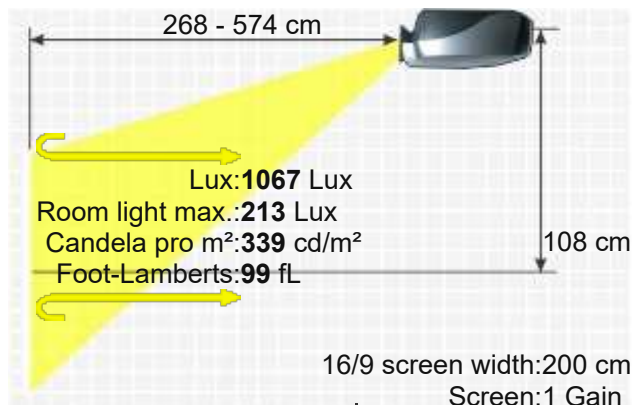

The Epson USA model PowerLite Home Cinema 5020UB is an LCD projector with HDTV 1920 x 1080 resolution and a contrast of 320000:1. Manufacturer Epson USA specifies a lamp life of 5000 hours, which is over 6.8 years if enjoyed for two hours a day. The built-in lens shift and keystone correction function provides freedom when setting up. A picture width of up to 498 cm is possible. However, the picture should be smaller in room light. We recommend max. 332 cm. Video signals 1080P and 3D are also no problem for the projector. The model was built by Epson USA in 2012 and is no longer current.
