

Epson USA PowerLite S11

Brief Introduction

Beta 2.5

The Epson USA PowerLite S11 standard portable LCD projector has 2600 Ansi lumens, a contrast of 3000:1 and an SVGA 800 x 600 resolution. The manufacturer, Epson USA, specifies a lamp life of 4000 hours, which is over 5.5 years if enjoyed for two hours a day. The projector also offers an integrated media player that can be used to play files directly. Horizontal and vertical keystone correction makes image adjustment childs play. The projector will be able to illuminate the 444 cm picture width well. However, if room light is available, the picture width should ideally not exceed 296 cm. Even 1080P video signals are no problem for the projector. The projector was launched in 2011 and is no longer sold by the manufacturer.
