

Epson USA Pro L1070U

EPSON USA PRO L1070U

With the Pro L1070U, manufacturer Epson USA offers a stationary LCD laser projector with WUXGA 1920 x 1200 resolution and a contrast of 2500000:1. The manufacturer Epson USA specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The built-in lens shift and keystone correction function provides freedom when adjusting the projection. An image width of up to 850 cm is possible, if the image width is smaller (we recommend max. 567 cm), rooms with residual light are also no problem. Video signals 1080P and 4K (compressed) are also no problem for the projector, and it even has the option of projecting HD 1080P and 4K (compressed) Blu-rays onto the ceiling thanks to 360° projection. The projector was launched in 2020 and is no longer sold by the manufacturer.
