

Epson USA Pro L20000UNL

EPSON USA PRO L20000UNL

The Epson USA Pro L20000UNL LCD projector has 20000 Ansi lumens, a contrast of 2500000:1 and a WUXGA 1920 x 1200 resolution. The integrated lens shift gives freedom when positioning the projector. The projector can illuminate an image width of up to 1437 cm thanks to the 20000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 958 cm. If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. The projector can also play 1080P and 4K (compressed) without any problems. Even projection onto the ceiling is possible thanks to the 360° projection.

3 x 1,03" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display
