

Epson USA Brightlink 725Wi

EPSON USA BRIGHTLINK 725Wi

The Epson USA Brightlink 725Wi laser LCD projector has 4000 Ansi lumens, a contrast of 2500000:1 and a WXGA 1280 x 800 resolution. The service life is 20000 hours due to the laser, which is over 13.7 years with a daily viewing time of 4 hours. Includes an integrated media player that can be used to play files directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. Thanks to the short-throw projection ratio of just 0.28:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 56 cm away from the screen. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training sessions. Playing 1080P is also no problem for the projector.
