

Epson USA EX3290

EPSON USA EX3290

Brief Introduction

Beta 2.5

Manufacturer Epson USA offers the EX3290, an LCD projector with WXGA 1280 x 800 resolution and a contrast ratio of 16000:1. The projectors lamp has a specified lamp life of 12,000 hours, which equates to over 16.4 years at 2 hours per day. The horizontal and vertical keystone correction provides flexibility when setting up. Since Epson USA specifies the brightness of the projector in lumens, we have calculated an approximate ANSI lumen value in this case. An image width of up to 718 cm is possible; if the image width is smaller (we recommend a maximum of 479 cm), even rooms with residual light are no problem. The projector has optional Chromecast, Airplay, and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. Even 1080P video signals are no problem for the projector. Unfortunately, we can no longer offer replacement lamps for this model, neither original nor replica.

3 x LCD TFT Panel
