

Epson USA Home Cinema 5050UBe

The Home Cinema 5050UBe 3D LCD projector from Epson USA has 2600 Ansi lumens, a contrast of 1000000:1 and a UHD (4K2K) 3840 x 2160 resolution. Manufacturer Epson USA specifies a service life of 3500 hours, which would be over 4.8 years with a daily viewing time of 2 hours. Includes a lens shift and keystone correction function, which provides freedom during installation. The projector can illuminate an image width of up to 518 cm thanks to its 2600 Ansi lumens. In room lighting, however, the picture width should ideally be less than 345 cm. The model is also compatible with Full HD 1080P and 4K as well as 3D, meaning that all Blu-ray formats currently available can be recognized by the projector. On the market since 2019, the model is no longer offered by the manufacturer Epson USA.
