Epson USA Lightscene EV-115

A brief introduction to the Epson USA Lightscene EV-115. The standard portable LCD laser projector has a WXGA 1280 x 800 resolution and a contrast of 2000:1. The manufacturer states a laser life of 20000 hours, which converts to over 13.7 years at 4 hours per day. The integrated media player allows files to be played directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. The projector will be able to illuminate the 477 cm picture width well. However, if room light is available, the image width should ideally not exceed 318 cm. Even 1080P video signals are no problem for the projector.

Brief Introduction
Beta 2.5

Display Type
3 x 0,59" LCD TFT Panel
WXGA 16/10 Liquid Crystal Display
