

# Epson USA PowerLite 2247U

EPSON USA POWERLITE 2247U

The PowerLite 2247U LCD has 4200 Ansi-Lumen, a contrast of 15000:1 and a WUXGA 1920 x 1200 resolution. The lamp life is specified by the manufacturer as 12000 hours, which converts to over 16.4 years at 2 hours per day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. Thanks to the brightness of 4200 Ansi lumens, a picture width of 658 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 439 cm). With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The model is also Full HD 1080P compatible. The model was built by Epson USA in 2018 and is no longer current.
