

ETOE E3 Pro 2026

ETOE E3 PRO 2026

Manufacturer ETOE offers the E3 Pro 2026, a standard portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 3000:1. Thanks to the LEDs, the projector has a specified light source lifespan of 30,000 hours, which translates to over 20.5 years at 4 hours of use per day. Thanks to horizontal and vertical keystone correction, the projector can be set up with great flexibility. The projector can effectively illuminate a screen width of up to 249 cm. However, if there is ambient light in the room, the screen width should ideally not exceed 166 cm. With Google TV, the projector becomes a versatile media hub that can be seamlessly integrated into a smart home. Since the projector supports Chromecast, AirPlay, and screen mirroring, it is possible to stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Additionally, Bluetooth connectivity is a useful feature for the projector, particularly for wireless audio transmission. Furthermore, it is compatible with Full HD 1080p and 4K (compressed).
