

ETOE Seal

ETOE SEAL

The standard portable Seal LED has 500 Ansi-Lumen and a HDTV 1920 x 1080 resolution. The manufacturer ETOE specifies a service life of 60,000 hours, which is over 41.1 years with a daily viewing time of 4 hours. 227 cm picture width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 151 cm. Thanks to the integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video and YouTube as well as games and other interactive content. Since the projector recognizes Chromecast, screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via Wi-Fi. It is also compatible with Full HD 1080P and 4K (compressed).
