

ETOE Seal Pro Google

ETOE SEAL PRO GOOGLE

The standard portable ETOE Seal Pro Google LED LCD projector has 1000 Ansi lumens, a contrast of 3000:1 and an HDTV 1920 x 1080 resolution. Due to the LEDs, the projector is specified with 160000 hours of light life, which is over 109.6 years with four hours of enjoyment every day. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 321 cm is possible. However, the image should be smaller in room light. We recommend max. 214 cm. Thanks to the integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video and YouTube as well as games and other interactive content. The integrated Google Assistant in the projector opens up many practical possibilities such as voice control, navigation, smart home control and music listening. The model recognizes Chromecast, DLNA, Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Even 1080P and 4K (compressed) video signals are no problem for the projector.

Brief Introduction

Beta 2.5
