

Everest DAL 25S (i)

EVEREST DAL 25S (i)

Brief Introduction

Beta 2.5

A brief introduction to the Everest DAL 25S (i). The whiteboard DLP projector has an SVGA 800 x 600 resolution and a contrast of 1600:1. The manufacturer specifies a lamp life of 5000 hours, which equates to over 6.8 years at 2 hours per day. The projector will be able to illuminate a picture width of 435 cm well. However, if room light is available, the picture width should ideally not exceed 290 cm. The projector offers an interactive whiteboard function for interactive training courses and presentations. It was launched in 2013 and is no longer offered by the manufacturer Everest, but is still a very popular projector.
