

Everest RU541Xi

EVEREST RU541Xi

A brief introduction to the Everest RU541Xi. The LCD projector has an XGA 1024 x 768 resolution and a contrast of 15000:1. The lamp life is up to 10,000 hours, which converts to over 13.7 years at 2 hours per day. An image width of up to 564 cm is possible as the projector has 4200 Ansi lumens. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 376 cm. The projector offers an interactive whiteboard function for interactive training courses and presentations. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. The model is also Full HD 1080P compatible. It was launched in 2017 and is no longer offered by the manufacturer Everest, but is still a very popular projector.

 3 x 0,63" LCD TFT Panel
XGA 4/3 Liquid Crystal Display

Projector	4200	Screen	1400 Lux (bei 200 cm Screen)
