

Everest YO522W

EVEREST YO522W

The Everest YO522W is an LCD laser projector with WXGA 1280 x 800 resolution and a contrast ratio of 5,000,000:1. Thanks to its laser technology, the projector has a rated lamp life of 20,000 hours which translates to over 13.7 years of use at four hours per day. Horizontal and vertical keystone correction ensures effortless image setup. With its 5,200 ANSI lumens, the projector can effectively illuminate a screen width of up to 733 cm. For rooms with ambient light, we recommend a narrower screen width, we would recommend a maximum of 489 cm. Furthermore, the projector can play 1080p and 3D content without any issues, and thanks to its 360° projection capability, it can even project HD 1080p Blu-rays onto the ceiling.
