

Hitachi CP A302WNM

HITACHI CP A302WNM

A brief introduction to the CP A302WNM: The Hitachi LCD projector offers 3000 Ansi-Lumen, a contrast of 4000:1 and an XGA 1024 x 768 resolution. The projector also offers an integrated media player for direct playback of files. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. With a projection ratio of just 0.3:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 60 cm away from the screen. As the CP A302WNM is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training sessions. It is also Full HD 1080P compatible. It was launched in 2013 and is no longer offered by the manufacturer Hitachi.
