

Hitachi CP-WU9410

HITACHI CP-WU9410

The Hitachi CP-WU9410 stationary DLP projector has 8500 ANSI lumens, a contrast ratio of 2500:1, and a WUXGA 1920 x 1200 resolution. The projector also offers a lens shift function for flexible projection adjustment without any loss of quality. The projector can illuminate a screen width of 937 cm well. The projector can handle rooms with residual light with a smaller screen width; we would recommend a maximum of 625 cm here. If the image is still too small, the projector offers integrated edge blending software, which allows multiple projectors to project a large image together. It is also Full HD 1080P compatible. This model is no longer offered by Hitachi.

Brief Introduction

Beta 2.5

Display Type

1 x 0,67" DLP Chip
WUXGA 16/9 Ti Digital Light Processing Chip
