

InFocus IN134ST

INFOCUS IN134ST

The short-throw IN134ST 3D DLP has 4000 Ansi lumens, a contrast of 28500:1 and an XGA 1024 x 768 resolution. The manufacturer, InFocus, specifies a lamp life of 15000 hours, which is equivalent to over 20.5 years at 2 hours per day. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 125 cm away from the screen. Even 1080P video signals and 3D are no problem for the projector. At 21 decibels, the projector is very quiet compared to other projectors.
