

InFocus IN2114

The standard portable InFocus IN2114 3D BrilliantColor DLP projector has 3000 Ansi lumens, a contrast of 2100:1 and an XGA 1024 x 768 resolution. Includes an integrated media player for direct playback of files. 3000 Ansi lumens ensure that a picture width of 477 cm is also possible. However, if room light is available, the picture should be a maximum of 318 cm wide. Playing 1080P is also no problem for the projector. The operating noise of just 30 decibels makes the projection quiet. It was launched in 2009 and is no longer offered by the manufacturer InFocus.

Brief Introduction

Beta 2.5

Display Type

 1 x 0,55" LVDS DDP2430 DLP Chip
XGA 4/3 Ti Digital Light Processing Chip
