

InFocus ScreenPlay Vista SP2234

INFOCUS SCREENPLAY VISTA SP2234

A brief introduction to the InFocus ScreenPlay Vista SP2234. The standard portable DLP projector has an XGA 1024 x 768 resolution and a contrast of 30000:1. The manufacturer InFocus specifies a lamp life of 15000 hours, which converts to over 20.5 years at 2 hours per day. The projector can illuminate a screen width of up to 591 cm thanks to its 4600 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 394 cm. It is also Full HD 1080P and 3D compatible. With only 27 decibels of operating noise, the model is already very quiet compared to others.

1 x 0,55" DMD DLP Chip
