

InFocus SP8602

INFOCUS SP8602

A brief introduction to the SP8602: The InFocus BrilliantColor DLP projector offers 1400 Ansi lumens, a contrast of 30000:1 and an HDTV 1920 x 1080 resolution. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. Thanks to the brightness of 1400 Ansi lumens, a picture width of 380 cm is possible. In room light, the image should be max. 253 cm wide. Playing 1080P is also no problem for the projector. With only 28 decibels of operating noise, the model is already very quiet compared to others. The projector was launched in 2009 and is no longer sold by the manufacturer.

Brief Introduction Beta 2.5

Display Type

1 x 0,65" DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip
