

# InFocus Screenplay SPL1080HDUST

INFOCUS SCREENPLAY SPL1080HDUST

## Brief Introduction

Beta 2.5

With the Screenplay SPL1080HDUST, manufacturer InFocus offers a DLP laser projector with HDTV 1920 x 1080 resolution and a contrast of 2500000:1. Manufacturer InFocus specifies a service life of 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The integrated media player can play files directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. Thanks to the short throw projection ratio of just 0.25:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 50 cm away from the screen. It is also Full HD 1080P and 3D compatible. The projector was launched in 2019 and is no longer sold by the manufacturer.
