

# InFocus X17

INFOCUS X17

The InFocus model X17 is a DLP projector with XGA 1024 x 768 resolution and a contrast of 1400:1. The manufacturer InFocus specifies a lamp life of 4000 hours, which is equivalent to over 5.5 years at 2 hours of operation. The projector will be able to illuminate a picture width of 418 cm well. However, if room light is available, the picture width should ideally not exceed 279 cm. The operating noise of just 29 decibels makes the projection quiet. On the market since 2008, the model is no longer offered by the manufacturer InFocus.
